

URGENT NOTICE

Water Supply interruptions

Friday, 31st May 2024

Subject: Planned Water Supply Interruptions on the Vaalkop WTW Supply Scheme

Vaalkop Water Treatment Works is a regional treatment works which supplies numerous communities which includes the Rustenburg Local Municipality, Moses Kotane Local Municipality, Thabazimbi Local Municipality, and the regional mines with bulk potable water. The current water treatment works and raw water pump station currently has capacity 270 MI/day.

Magalies Water identified the need for the upgrading of the existing raw water supply to the Vaalkop Water Treatment Works due to the increasing demand within the area of supply and consideration of future developments within the area. The project aims to increase the Raw Water Pumping Station to 360 MI/day and to centralize the plants inlet works.

To facilitate the installation of this new infrastructure, it will be necessary to shut down certain sections of the plant at different intervals. To minimize the impact and prevent extended periods of supply interruption that would result from a complete plant shutdown, Magalies Water has scheduled multiple smaller shutdowns. This approach is intended to limit the duration and extent of supply disruptions.

The table below indicates the date of shutdowns, the anticipated time which supply might be affected and the affected communities:

| No | Date of Shutdown | Expected down time | Plant | Impact on Capacity | Affected Communities |
|----|--------------------------------------|--------------------|-------|--|--|
| 1. | Tuesday, 04 June 2024 starting 07h00 | 18 Hours | | Plant 3 & 4 Reduction in Plant Capacity by 150MI/day | <ul style="list-style-type: none"> ➤ Rustenburg Local Municipality area. ➤ Moses Kotane Local Municipality areas and Sun City ➤ Thabazimbi Local Municipality areas |

| | | | | |
|----|--------------------------------------|----------|---|---|
| | | | | <ul style="list-style-type: none"> ➤ Royal Bafokeng Administration ➤ Mines operating in the above areas. |
| 2. | Tuesday, 11 June 2024 starting 07h00 | 40 Hours | Plant 1 Reduction in Plant Capacity by 30MI/day | <ul style="list-style-type: none"> ➤ Moses Kotane Local Municipality areas and Sun City ➤ Thabazimbi Local Municipality areas ➤ Royal Bafokeng Administration ➤ Mines operating in the above areas |
| 3. | Tuesday, 02 July 2024 starting 07h00 | 40 Hours | Plant 2 North & South Reduction in Plant Capacity by 90MI/day | <ul style="list-style-type: none"> ➤ Moses Kotane Local Municipality areas and Sun City ➤ Thabazimbi Local Municipality areas ➤ Royal Bafokeng Administration ➤ Mines operating in the above areas. |

Customers are encouraged to use water sparingly during, this period, to prevent prolonged water supply interruption. Magalies Water apologizes for this inconvenience that this may cause.
