

URGENT NOTICE

Water Supply Interruption

Friday, 23rd January 2026

Subject: Water Supply Interruption at Phatsima Reservoir Due to Power Outage

Magalies Water hereby informs residents of Phatshima (Rustenburg Local Municipality) of eminent water supply interruption, as a result of a power outage incident, which affected normal operation and bulk supply to the reservoir between 08:00 and 13:00 earlier today. While electricity supply has been restored, and pumping has resumed this incident has led to critically low reservoir levels.

Normal water supply to this area is expected to resume overnight, as reservoir levels will improve with continued pumping.

End.
