A ONCE OFF ALARM INSTALLATION AT VARIOUS MAGALIES WATER SITES

1. PURPOSE

The purpose of this bid is the appointment of a suitable and accredited service provider to install an alarm system on several properties belonging to Magalies Water and located at various areas.

MANDATORY REQUIREMENTS

- (i) Submission of valid company PSIRA registration certificate
- (ii) Submission of company Director/s valid PSIRA registration certificate with a minimum of Grade B
- (iii) The bidder must submit a minimum of 3 reference letters or completion letters for installation of intruder detection alarm system/CCTV system or electronic access control system. References or completion letters must be on the client's letter head (letter must include contact details (telephone number or e-mail address for verification purpose)
- (iv) The bidding company must have at least one vehicle (LDV or Panel van). Vehicle registration documents must be attached to the bid documents
- (v) The bidder must submit a valid COIDA letter of good standing from the Department of Labour
- (vi) One Project Manager with NQF Level 6 Qualifications or higher in Electronics, Electrical Engineering, IT, Telecommunications, or a related field and with 3 years experience in electronic security systems installations/maintenance. CV and copies of certified qualifications must be attached.

GENERAL TERMS AND CONDITIONS

The successful bidder must meet the following minimum requirements:

Must be registered with Private Security Industry and Regulatory Authority (PSIRA) (attach a valid PSIRA certificate).

Company may be subjected to security screening. Staff may also be subjected to security screening.

Must have qualified service staff to install and maintain the security alarm systems in a manner that reduces or eliminates false alarms.

Products or equipment and the manner of installation at the Magalies Water properties must be South African Intruder Detection Services Association (SAIDSA) compliant.

No wireless equipment will be allowed to be installed at any of the premises.

NB: The Magalies Water reserve the right to subject prospective service providers, employee or subcontractors to security screening.

3. SCOPE OF WORK AND KEY DELIVERABLES

This section forms an integral part of the services specifications. The purpose of this section is to provide prospective bidders with more information on the nature and extent of the contract for bidding purposes. It is not the intention of this section to provide a full description of all tasks, functions and requirements and any omissions or ambiguities in this section shall not relieve the successful bidder of any of his/her obligations under the contract. Where minimum requirements are expressly specified in this section, such requirements shall however be binding to the successful bidder. All outdoor wiring must be installed in a 22mm galvanized steel conduit to withstand harsh weather conditions.

The items to be included in the installation are 16 Zone LED Keypad, 15W sirens for each area, 40va PUS's, PIR's, button remote code hopping, panic buttons etc.

The arming and disarming of the system must be done through key pad as well as through mobile remote controls.

Some sites must be supplied with a PC to be installed in the control room to serve as a monitoring point for intruder detection.

All sites must be equipped with radio transceivers and panic buttons to link the system with a specific site guarding service provider's control room.

The successful bidder is expected to render the following services:

Install an alarm system on a property belonging to Magalies Water and located at the following sites:

(i) Rustenburg Head Office

- (a) Executive Wing
- (b) Server Room
- (c) Records Management Storage Room
