URGENT NOTICE

Water Supply Interruption

Maquassi Hills Local Municipality

Sunday, 06th September 2026

Subject: Water Supply Interruption at Buisfontein Reservoirs to Leeudoring Pump Station System

Magalies Water hereby informs bulk customers receiving bulk water supply from the Buisfontein Reservoirs via Leeudoring Pump Station of envisaged water supply interruptions. This is due to reduced pumping capacity, as a result of decommissioned pump, which is being repaired and will be fully recommissioned, upon completion of re-installation and testing. The impact of the decommissioned pump has resulted in reduced flows, which will lead to water supply interruptions during this period.

The following areas will be affected:

- Tswelelang
- Lebaleng
- Makwassie

Consumers are advised to use water sparingly to prevent prolonged water supply interruptions. Magalies Water apologizes for the inconvenience caused in this regard.
